BILL CONFER **RAWHIDE SPECIALIST**

Thank you for your interest in our American-made rawhide. Our goal is to be the best producer of top quality rawhide for any individual or company.

The rawhide is available from bulls, cows, steers, kip, calves and unborn calves. It is measured for thickness and square footage. It is offered either frozen or dried, and is available in sides, full hides or full hide croupions, which have belly and flank trimmed off. Minimum order is one side or one full hide.

When you receive the moist frozen hide, it is ready to tack or stretch for those who require those steps, or for saddle tree makers and such to use as it comes out of the bag.

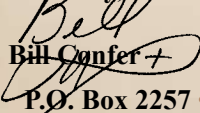

We are the major producer of dried rawhide string and lace in the U.S. It is sold by the foot in rolls of 50', 75', 100' and longer. Minimum order is 50' in any selection.

There are several hundred satisfied customers from all 50 states and four Canadian provinces that are using our rawhide for covering saddle trees, saddle trim, stirrup covers, taps, drums, arrow quivers, lamp shades, snow shoes, furniture, rope burners, rawhide braiding, etc...

We strive to ship all orders within ten after order is placed. Orders can be shipped via U.S. mail, U.P.S., or FedEx and can be sent C.O.D., or charged to your VISA or Mastercard.

Please call or e-mail for more information or to place your order.

Sincerely,

Bill Confer
